Ayanda Mazibuko

My parents

I want to thank you for your support
you have given to me,
you are the best parents
I had never ever seen.

I want to thank for your support
because some children had no food to eat.
Some children had no place to go,
Some children are orphans.

Oh! My parents, How beautiful you are
I don't know how can I thank you
because you had done lot of things
for me

Oh! my precious parents
you take care for me,
All the times you move up and down
checking something I should eat,
because you love me.

That is highly appreciated.
May God Bless you
