

Phumelele Khumalo Grade 7C

30 October 2009

HIV/AIDS

1. Oh! Where do you come from you diseases?
best, best, best, best
all days.
2. Many people with HIV experience discrimination from strangers. Our families, friends, lovers, healthcare workers and government. People feel lonely and afraid all the times because of you diseases. best, best, best all the times.
3. Tell me you diseases is this the way you play. Our families, friends, lovers, healthcare workers and government all died because of you diseases. Our healthcare would find your cure.
4. Many countries are coming here in South Africa for the 2010 World Cup. Some of them are coming here to be home of soccer. What if they will get HIV and AIDS. Every one is asking about this diseases. Every one must use condom when going to have sex. Let us fight AIDS in our country.
